

ARUN CHOWDHURY MEMORIAL TRUST

Greetings and Thanks for arranging Blood Donation Camp on 18.06.2021.

On 18th June'21, the sixth death anniversary of Arun Chowdhury, the Communist Party of India (Marxist) , Suri-1 Area Committee, Birbhum district, initiated a blood donation programme. Presently active Red Volunteers, locally volunteering covid pandemic victims, also joined them. The context has been remembrance of Late Arun Chowdhury, political activist and leadership of this organization and Teachers' organisation, for his lifelong work for the cause of society, his earnestness towards motivating others under the organizational orbit. The incidence of extreme blood shortage in present covid situation also directed them taking this effort out of their social commitment.

One of the motives behind blood donation is to extend bonding amongst people, the most deserving social focus of present time.

Arun Chowdhury Memorial Trust expresses heartfelt thanks and greetings to the organizers and to people of the locality(Nagari anchal) for this extremely significant initiative.
